

JOHN HENRY NEWMAN ACADEMY

P.E. Vision & Principles

Our school's vision and principles for P.E.

At John Henry Newman Academy, all of our children will be given the opportunity to experience, enjoy and excel in an active lifestyle. We intend for all pupils to value competition as an opportunity to be active, work as part of a team and show respect towards others. Our school values of community and celebration are integral to this. We endeavour to promote athletes that show our other school value of love, through winning with modesty or losing with grace. We believe that physical activity makes an extensive contribution towards our well-being and we aim to transfer skills learned in P.E to other areas of our lives.

P.E. teaching and learning at JHN is good when;

we are passionate, determined and respectful.

we work as part of a team.

we win with modesty and lose with grace.

learn from our experiences.

celebrate the success of others.
