

# JOHN HENRY NEWMAN ACADEMY

## Phonics Vision & Principles

### Our school's vision and principles for Phonics

At John Henry Newman Academy, we are passionate about ensuring all children become confident and enthusiastic readers and writers. We believe that phonics provides the foundations to support children to achieve this goal, as it develops the core skills of segmenting the sounds in words for writing and blending sounds in words to read. Phonics at JHN follows the 'FFT Success for All' programme of study. This allows our phonics teaching and learning to be progressive from Nursery to Year 2. We also have intervention using 'Tutoring with the lightening squad' for children who need extra support throughout Key stage 1 and 2.

#### Phonics teaching and learning at JHN is good when;

we practise our skills together

we are able to apply our skills in a range of ways and throughout other curriculum areas.

it is interactive.
